Jobs for our citizens            2. Housing            3. Balancing growth with the desired results.</p>	<p>Financial accountability can be restored to the town through a sound check and balance system.</p>	<p>I have served as chairman of the town's planning board for the past several years and have always tried to represent the citizens of Navassa to the best of my ability. If a Leland /Navassa merger come up I will do what the citizens of Navassa want.</p>	<p>The current town council has done a creditable job with the difficult situations they have tackled. I always think that there is room for improvement. That is why I am running.</p>
